SPECIFICATIONS

HG2 **|||** RUNNER

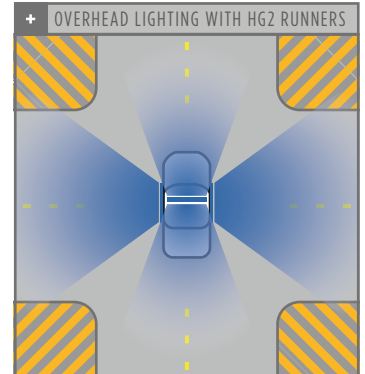

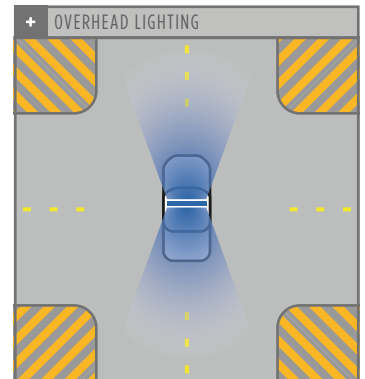

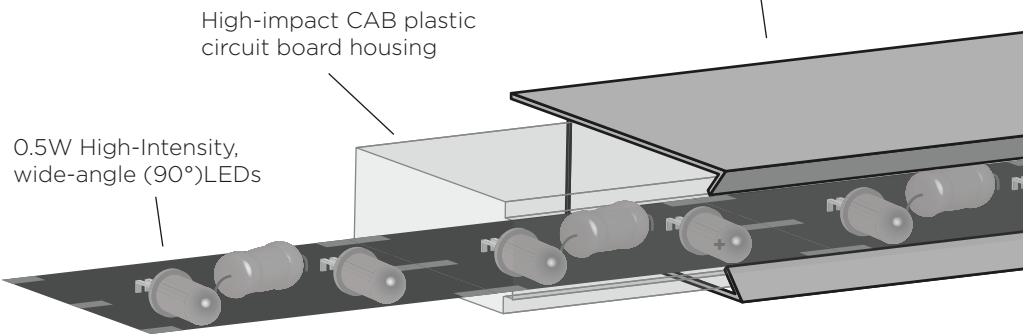

Overview:

The *HG2 Runners* Package is an extremely versatile emergency lighting system designed for maximum visibility with a minimal footprint. *HG2 Runners* were developed to enhance the outline of a vehicle's profile (side of vehicle), offering greater visibility through installation location, variable flash patterns and lighting intensity.

Our patent-pending designs feature super-bright, wide-angle LEDs, a high-impact CAB housing and an extruded aluminum mounting sleeve with an automotive-grade black powder coated finish for stealth installation.

Automotive-grade, black powder coated finish, 6065 aluminum extruded chassis

PART NUMBER:	HG272 - 2 Pc. Runner Kit		
APPLICATION:	Exterior Use		
MOUNTING:	Surface mount with chassis		
DIMENSIONS:	(length x height x depth) Chassis: 72" X 1/2" X 2 3/16" Without Chassis: 72" X 3/8" X 1"		
INPUT VOLTAGE:	9 - 15 VDC		
STAND-BY CURRENT DRAW:	.001A		
CURRENT DRAW:	3A Average 1A min. / 7A max. dependent on flash pattern		
# OF LEDs:	70 x 2 pc. kit (Total 140)		
OPERATING TEMPERATURE:	-4° to 185° F (-20° to 85° C)		
FLASH PATTERNS:	10		
CHASSIS:	Extruded Aluminum with Black Powder Coated Finish		
WARRANTY:	3 Year Replacement, 72-Hour "No Downtime" Guarantee		
COLORS:	Red/Red	Red/Blue	Red/Amber
	Blue/Blue	Red/White	Red/Green
	Amber/Amber	Blue/White	Blue/Amber
	Green/Green	Amber/White	Blue/Green
	White/White	Green/White	Green/Amber
