HG2 SIDE RUNNER

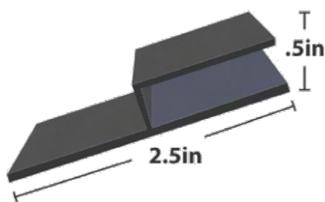

DESCRIPTION

HG2 Emergency Lighting developed and patented the HG2 Side Runner to enhance the outline of a vehicle's side profile. With our state of the art technology, the HG2 Runner is designed for maximum visibility in a covert package. The identity of the vehicle is no longer compromised by bulky "universal, bolt-on" lighting. Using high-intensity optics, the HG2 Side Runner creates a safer environment for our first responders.

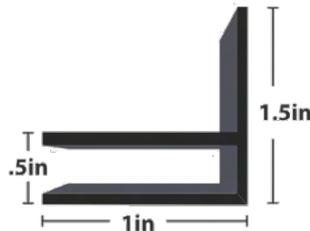

Recommendation:

To ensure maximum visibility, consider using all HG2 lighting products to your advantage.

- Vehicle Specific Mounting Options (Standard, Truck Aluminum, L-Bracket)
- Designed, Engineered, and Manufactured in the USA
- Resistant against all weather conditions
- Sold in pairs (Driver & passenger side)
- Low profile powder coated extrusion
- 20 Flash Patterns + Cruise Mode
- Syncs with all smart controllers
- Certification: SAE J595 Class 1
- Smoked optics optional
- Patent No. 8,480,253 B1
- 5 year warranty
- 360° Visibility

Standard

Truck Aluminum

L - Bracket

*Depending on model year, some vehicles may require an additional bracket at \$50.00 for both brackets.

HG2 **MIRROR LIGHTS**

HG2 MIRROR LIGHTS

DESCRIPTION

Our vehicle specific OEM replacement application that eliminates wind vibration and noise, compared to other knock-off products. HG2 Mirror Lights were designed and engineered to provide emergency responders with maximum visibility at all angles. Our high-powered LED flush mounted mirror lights provide supreme output to further enhance the profile of your vehicle. With our optics engineered to fit flush (no extrusion), we ensure a clean, discreet factory look. Like all our products, the HG2 Mirror Lights have been tested and proven against any climate. Specific design for Dodge Durango, Dodge Charger, Ford Explorer, and Chevy Tahoe.

- Clear hard coated polycarbonate UV protected lenses against cracking, yellowing, and fading
- 2 mode flash pattern capability offering cruise mode, take down, or turn signal
- Only product on the market to offer a full flush design
- Designed, Engineered, and Manufactured in the USA
- Replaces vehicle specific OEM Cap (No Overlay)
- Resistant against all weather conditions
- Eliminates wind, vibration and noise
- 12 High-power 4-watt Cree LEDs
- Syncs with any smart controller
- Certification: SAE J595 Class 1
- Covert design with low profile
- High temperature ABS plastic
- Single or split color options
- All white flood capabilities

Designed to fit ANYWHERE

DESCRIPTION

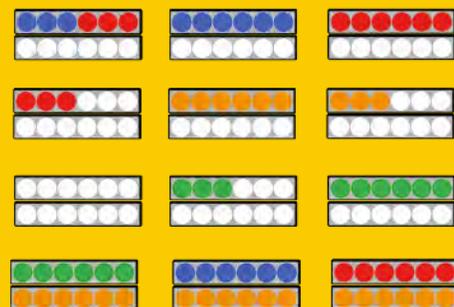

The HG2 DS1 Lights are the most innovative lighting module in the industry. HG2 designs feature ultra-bright lights, wide angle LEDs, 20 flash patterns, and a high-impact protector mount case that can be placed **anywhere** on the vehicle. Our newest technology is a single array of lights encapsulated into one unit, an alternative to individual bulbs, making our lights stronger than ever. HG2 is the only manufacturer that offers split color with white flood capability, and cruise mode, a class of its own. With a wide variety of color options, the HG2 DS1 is truly customizable to any preference.

- Designed, Engineered, and Manufactured in the USA
- Dimensions: 5.625" (L) x 1" (H) x 0.625" (D)
- Module application can be used anywhere
- Resistant against all weather conditions
- One single unit designed for durability
- Flood and Cruise mode capabilities
- 6 High-power 4-watt Cree LEDs
- 20 Self Contained Flash
- Smoked optics optional
- 5 year warranty

DESCRIPTION

This is nothing new to our clients who know us and have used us in a clutch. Our HG2 Emergency Lighting Buy Back Program is designed to help those customers who are out of the warranty date on our HG2 product. We wanted to find a way to still help them in a crisis. Lights are necessary for your safety and others. Instead of turning you away, we would rather keep you as a loyal client. Because we buy our own out of warranty products, we strive to keep our clients happy with our products for years to come.

* Not applicable if lights are physically damaged

TERMS & CONDITIONS

These terms and conditions apply to all products listed in this current HG2 SALES Price List and are available to the company's authorized SALES. Prices shown herein are applicable to all shipments made after January 1, 2026.

- All prices subject to change without notice.
- All prices in U.S. dollars.

RECEIPT OF SHIPMENT

Upon delivery of merchandise by HG2, to carrier, the merchandise becomes the property of the consignee. Claims for shortage or damages must be submitted to carrier within 72 hours of receipt of shipment. It is the SALES's responsibility to inspect the merchandise upon receipt for any possible external damage. If received in damaged condition, the delivering carrier should be notified in writing (Bill of Lading should be signed "damaged" or "refused") at the delivery point.

RETURNS

Effective January 1, 2026, all defective products will be authorized to be returned for exchange only, unless otherwise stated. All returns are to be initiated at returns@hg2lighting.com. All product returns require an advance return authorization number. The RMA must be posted on the outside of the box. Units returned without an authorization number will be refused. Any returned/refused merchandise will be assessed at 25% restocking charge. The warranty applies only to the original purchaser. Each warranty claim must be accompanied by a dated proof of purchase, serial number and a completed Return Merchandise Authorization (RMA) Form. Merchandise authorized for return must be shipped prepaid freight. All authorized returns should be shipped in the original factory carton.

SERVICE

HG2 Emergency Lighting Systems are covered by a 5 Year Manufacturer's Warranty. To minimize down-time, systems that are in the warranty period will be given priority replacement for units found to be defective by HG2 technical support. This policy is only in force with franchised SALESs and for systems under warranty where the same or comparable unit(s) are available and in stock. A course of action for situations encountered with non-warranty units and/or non-franchised SALESs or where an acceptable replacement unit is not available will be determined by HG2 technical support.

HG2 Emergency Lighting shall not be liable for expenses incurred in the use of a product and/or the removal and the re-installation of a product requiring service of repair or for the packaging, handling or shipping of a product to HG2 Emergency Lighting and /or its authorized distributors.
